## WATERMAN of Paris.

Skilfully made in France, WATERMAN pens creatively echo the genius of our founder Lewis Edson Waterman, inventor of the first reliable fountain pen in 1883.

## Styled to surprise your senses.

No two WATERMAN pen designs are alike. As unique as you, each has its own personality and traits, with the power to delight, astonish, enchant and impress.

## Designed to accessorize your imagination.

Through a clever curve, a reassuring line, or a head-turning encounter of noble materials, the Waterman spirit of innovation gives wings to your most fanciful thoughts.

## Crafted to inspire your creativity.

Sensitive craftsmanship does more than put an object of sheer beauty and quality in your hand. It can produce a sensual thrill of inspiration each time you see, touch and use it.

## Because when writing is a pleasure, wonderful things happen.

WATERMAN has an unequalled history of making writing a very special personal experience.

Have you experienced it yourself?

## EDSON Legendary design

Edson is considered by many to be the pinnacle of pen design. Novelist Douglas Kennedy calls it "the writer's Ferrari". Immortalizing the name of our founder, Lewis Edson Waterman, the Edson has also gained iconic status through its enviable reliability. Even at altitude, the ink flow is perfectly regulated. Definitely for great thinkers and high flyers.

## HANDWRITING STYLES\*

Handwriting that resembles its writer, that conveys the nuances, that reveal the personality... Like no other, each nib offers light or heavy handwriting, a passionate or forceful representation of one's style or character. The Extra-Fine (EF), Fine (F), Medium (M) and Broad (B) nibs ensure a constant line, while the special Stub, Oblique Fine (OF) and Oblique Broad (OB) nibs are designed to allow for thick and thin strokes.

### Extrafine (EF) :

For light handwriting, a quick and precise line that "skims" over the paper.

### Fine (F) :

Particularly adaptable to small, precise and light handwriting.

### Medium (M):

Slightly more ink-flow for a sliding and medium sized style of handwriting.

### Broad (B):

Suitable for a more assertive, generous hand and for signatures.

### Stub (Stub) :

Another version of the broad nib, with a flat tip for a fine horizontal line (using the length of the nib) and a thick vertical line (using its breadth).

### Oblique Fine (OF) :

The tip of the nib is flat and bevelled to the left giving a style of handwriting with fine up and down strokes.

### Oblique Broad (OB):

A flat bevelled tip giving a style of handwriting with broad up and down strokes.
